

Pharmacy Benefit Plans Overview

Walgreens Health Initiatives (WHI) is the administrator of the County's pharmacy plans. All eligible employees and their dependents enrolled in a CIGNA medical plan (except for the CIGNA Choice Fund Health Savings Account plan) are covered under a WHI pharmacy benefit plan. You have two WHI pharmacy plans from which to choose:

- **Co-Insurance Plan**

A multi-tiered plan in which co-insurance (percentage of the cost) is charged (unless the applicable minimum or maximum copay threshold is met) based on the drug classification. The plan covers generic, preferred brand name and non-preferred name brand medication and uses a preferred medication list.

- **Consumer Choice Plan**

Focuses on smart spending on pharmaceuticals, with some funding by Maricopa County, and includes a rollover feature allowing you to create a credit balance for unused money left on account.

Both pharmacy plans require maintenance medications to be filled in 90-day quantities after two 30-day fills at a retail pharmacy. 90-day fills are available through retail pharmacies participating in the Advantage90™ program and through Walgreens Mail Service.

Retail Pharmacy

The retail network of pharmacies is available for prescriptions you need right away or for the first two fills of maintenance medication. You may obtain up to a **30-day supply** of medication. You have more than 62,000 retail pharmacies to choose from nationwide including Walgreens, Albertson's, Sam's Club, Target, Fry's, Safeway and Wal-Mart, to name just a few. To locate the nearest retail pharmacy, access the www.mywhi.com Web site or call WHI's Member Services at 800-207-2568.

Walgreens Mail Service

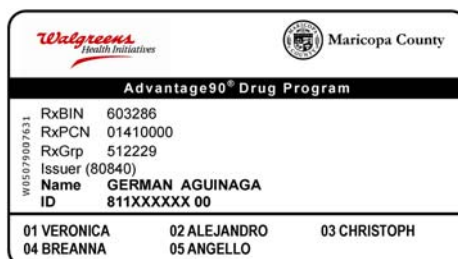

When you need maintenance medication you may order up to a **90-day supply** of medication through the Walgreens Mail Service facility. Ask your physician for a new prescription that will allow you to obtain up to a 90-day supply of medication at one time. Medication ordered through mail service may be delivered to any address you choose such as home, work or even a local Walgreens pharmacy.

Advantage90™

Your pharmacy benefit includes another option to receive a 90-day supply of maintenance medication at several local pharmacies including Walgreens, CVS, Albertson's, Sam's Club, Target, Fry's, Safeway, Wal-Mart and CIGNA Medical Group (CMG) facilities. Simply present your WHI ID card along with the prescription to obtain a 90-day supply.

Prescription ID Card

Present your prescription ID card every time you have a prescription filled. Your group number is 512229. The employee's and all covered dependent's names are displayed on the ID card. If you have not received your ID card or you don't have it with you, the pharmacy can fill your prescription with the information displayed on the ID card sample along with the member's name and ID number. Your ID number is your county employee ID number with a two-digit suffix. The suffix for the employee is always 00. For questions about your prescription drug benefit, call WHI's Member Services at 800-207-2568.
